Course Description (Catalog)

This course is designed to address the multi-billion dollar annual loss globally due to cargo theft, terrorism and other potential disruptions. Topics include: Asset protection in the transportation industry, analysis of freight system vulnerability, development of an effective cargo security plan, review of industry standards, and best practices in the industry.

Course Scope

The course addresses cargo theft along with cargo security management's challenges for disruptions due to natural catastrophes, accidents and global terrorism. Topics include introduction to cargo security, benchmarking against best practices in the industry and conduct of an effective cargo theft investigation.

Cargo security in the 21st century will challenge the capabilities of the transportation infrastructure, all modes, and all carriers and their customers. With transportation at the core of the supply chain, industry practitioners must gain knowledge and develop skill sets to imbed security throughout the industry. Cargo security must be viewed as not simply a goal but as a state of being within the organization. Cargo security must also not be confused with anti-terrorism, as security must protect all manners and types of disruptions that affect cargo movement.

Course Materials

Required Course Textbooks

Title: Securing Global Transportation Networks (2007)

Authors: Ritter, Barrett, & Wilson

Publisher: McGraw-Hill

Course Objectives

After successfully completing this course, you will be able to:

1. Define the impact of transportation disruptions on the supply chain.
2. Apply cargo security planning to all modes of transportation security.
3. Identify the different challenges of facility security.
4. Summarize the economic impact of government oversight on cargo security.
5. Apply cargo security planning from the perspective of users (human factor) in multiple industries.
6. Compare the role of state and local transportation authorities regarding security.
7. Categorize the vulnerabilities of different transportation modes and their impact on cargo security.
8. Explain the impact of safety issues on security planning and costs.

Course Outline

<u>Week</u>	<u>Topic</u>	<u>Learning Objectives</u>
1	Global Trade and Total Security	Define the impact of transportation disruptions on the supply chain.
2	The Total Security Management Framework	Apply cargo security planning for all modes of transportation security.
3	Facility Security	Identify the different challenges of facility security.
4	Government Oversight Overview of Operation Safe Commerce	. Summarize the economic impact of government oversight on cargo security.

	Overview of U.S. Customs and Border Protection	
5	Human Factor	Apply cargo security planning from the perspective of users (human factor) in multiple industries.
6	Technology	Compare the role of state and local transportation authorities regarding security.
7	Transportation Modalities and Security	Categorize the vulnerabilities of different transportation modes and their impact on cargo security.
8	The Total Security Management Solution	Explain the impact of safety issues on security planning and costs.

Course Delivery Method

This course delivered via distance learning will enable students to complete academic work in a flexible manner, completely online. Course materials and access to an online learning management system will be made available to each student. Online assignments are due by Sunday evening of the week as noted and include Forum questions (accomplished in groups through a threaded forum), examination, and individual assignments submitted for review by the Faculty Member). Assigned faculty will support the students throughout this eight-week course.

Policies

Please see the [Student Handbook](#) to reference all University policies. Quick links to frequently asked question about policies are listed below.

Citation and Reference Style

Attention Please: Students will follow the APA Format as the sole citation and reference style used in written work submitted as part of coursework to the University. Assignments completed in a narrative essay or composition format must follow the citation style cited in the APA Format.

Netiquette

Online universities promote the advancement of knowledge through positive and constructive debate – both inside and outside the classroom. Forums on the Internet, however, can occasionally degenerate into needless insults and “flaming.” Such activity and the loss of good manners are not acceptable in a university setting – basic academic rules of good behavior and proper “Netiquette” must persist. Remember that you are in a place for the rewards and excitement of learning which does not include descent to personal attacks or student attempts to stifle the Forum of others.

- **Technology Limitations:** While you should feel free to explore the full-range of creative composition in your formal papers, keep e-mail layouts simple. The Sakai classroom may not fully support MIME or HTML encoded messages, which means that bold face, italics, underlining, and a variety of color-coding or other visual effects will not translate in your e-mail messages.
- **Humor Note:** Despite the best of intentions, jokes and especially satire can easily get lost or taken seriously. If you feel the need for humor, you may wish to add “emoticons” to help alert your readers: ;-), :), ☺

Disclaimer Statement

Course content may vary from the outline to meet the needs of this particular group.

Academic Services

The Online Library is available to enrolled students and faculty from inside the electronic campus. This is your starting point for access to online books, subscription periodicals, and Web resources that are designed to support your classes and generally not available through search

STUDENT WARNING: This course syllabus is from a previous semester archive and serves only as a preparatory reference. Please use this syllabus as a reference only until the professor opens the classroom and you have access to the updated course syllabus. Please do NOT purchase any books or start any work based on this syllabus; this syllabus may NOT be the one that your individual instructor uses for a course that has not yet started. engines on the open Web. In addition, the Online Library provides access to special learning resources, which the University has contracted to assist with your studies. Questions can be directed to librarian@apus.edu.

- **Charles Town Library and Inter Library Loan:** The University maintains a special library with a limited number of supporting volumes, collection of our professors' publication, and services to search and borrow research books and articles from other libraries.
- **Electronic Books:** You can use the online library to uncover and download over 50,000 titles, which have been scanned and made available in electronic format.
- **Electronic Journals:** The University provides access to over 12,000 journals, which are available in electronic form and only through limited subscription services.
- **Tutor.com:** AMU and APU Civilian & Coast Guard students are eligible for 10 free hours of tutoring provided by APUS. [Tutor.com](http://tutor.com) connects you with a professional tutor online 24/7 to provide help with assignments, studying, test prep, resume writing, and more. Tutor.com is tutoring the way it was meant to be. You get expert tutoring whenever you need help, and you work one-to-one with your tutor in your online classroom on your specific problem until it is done.
- **Disability Accommodations:** Students are encouraged email dsa@apus.edu to discuss potential academic accommodations and begin the review process.

Request a Library Guide for your course (<http://apus.libguides.com/index.php>)

The AMU/APU Library Guides provide access to collections of trusted sites on the Open Web and licensed resources on the Deep Web. The following are specially tailored for academic research at APUS:

- Program Portals contain topical and methodological resources to help launch general research in the degree program. To locate, search by department name, or navigate by school.
- Course Lib-Guides narrow the focus to relevant resources for the corresponding course. To locate, search by class code (e.g., SOCI111), or class name.

If a guide you need is not available yet, please email the APUS Library: librarian@apus.edu.

Turnitin.com

Faculty may require assignments be submitted to Turnitin.com. Turnitin.com will analyze a paper and report instances of potential plagiarism for the student to edit before submitting it for a grade. In some cases professors may require students to use Turnitin.com. This is automatically processed through the Assignments area of the course.
