Campus Hazing Transparency Report

Reporting Period: June 2026 and Previous Five (5) Years
Last Updated: July 2026

In compliance with applicable federal and state laws, as well as institutional policy, American Public University (APU) maintains and publishes a Campus Hazing Transparency Report that includes all reported and investigated violations of the university’s anti-hazing policy and applicable hazing laws. This report is updated biannually and includes findings involving recognized student organizations or groups that have been determined responsible for hazing incidents.

As of the date listed above, there have been no reported or confirmed hazing incidents involving any recognized student organization or group at American Public University within the previous five years.

Reported Hazing Incidents by Year

Year	Organization Name	Date of Incident	Description of Incident	Sanctions Imposed	Case Status
